Letter of Reference

Dear Borut,

On behalf of all my staff I would like to thank you for the excellent and very interesting team building event in Bled on Sept. 21st 2012.

Right from the beginning of our collaboration you have impressed us with your high level of expertise and motivation. Whatever we requested, you came up with brilliant ideas and creative solutions for all our objectives and demands.

The settings you created in- and outside the hotel were very professional and challenging. Due to the fantastic guidance you provided we could, however, eventually always prove that indeed "EVERYTHING IS POSSIBLE".

Many of my co-workers have confirmed that they have learned a lot about themselves, their colleagues and the power that builds up when approaching difficult tasks as a team.

All the transfers between locations as well as the traditional dinner you organised for us were very enjoyable and delightful. It was a true pleasure meeting you and "your guys". We wish you all the best and lots of success in the future.

Many thanks.
Kind regards

Harald Lager
Head of IT South East Europe
